Welcome to Fernwood

You have come to **Fernwood** to remember someone you have known and loved – or perhaps you have come to decide how you wish to be remembered. Though death is the cause of our meeting, let us celebrate life. Our hope is to help you fill the emptiness of loss by assisting you in giving expression to the richness and particular beauty of a life that was like none other.

The 19th Century **Fernwood** Cemetery in Mill Valley, California is being recreated as a place of ecological restoration, community, and remembrance. **Fernwood** is not only a crematory and a funeral home but is also a memorial landscape where natural burial and cremation rituals are interwoven with land restoration and preservation.

A memorial service, one of the most sacred events any of us will prepare, takes much thought and consideration. Whether you want to do something indoors or outdoors; whether you want it to be religious or non-denominational, we can help you create it. Our Remembrance Room is suitable for many different services from religious ceremonies to Circles of Friends. Each person and family are invited to bring creativity and personal vision to this place.

Fernwood is a unique site where families and histories connect through cycles of nature, memory, and conservation. **Fernwood** provides a place for spiritual connection to our ancestors and to the Earth.

***Please Note:** This General Price List is for those considering using our Funeral Home services. Our funeral packages are available only when the casket has been purchased through our funeral home. If you purchase the casket elsewhere, please select from the itemized list of services and merchandise to complete the funeral service of your choice. This policy does not apply to urns and cremation packages. Caskets, urns, outer burial containers and cemetery options come in many varieties and are not included in our packages but are offered on separate price lists provided at Fernwood. Our staff will gladly provide you with copies of these.*
